

**New!**

# More "News" from EURO TOOL

## **MULTI-SIZED LOOPING PLIERS**

Another EURO TOOL invention! Looping pliers for making bails and other patterns in wire are popular, but most only offer the user two loop sizes. Our new pliers, made of stainless steel, offer six different looping sizes including: 2.0, 3.0, 3.5, 5.5, 7.0, and 9.0mm. These will be extra handy on the bench for jewelers, beaders or wire artists. Length 6" (150mm).

## **MAGNESIA BLOCK**

Lightweight, non-asbestos fireproof material is fibrous so it is soft enough that one can pin objects on the surface for perfect soldering. Size is 6" x 3" x 2" (150 x 78 x 50mm). Wt. 4 oz.

## **POCKET WIRE GAUGE**

The Pocket Wire Gauge is all new and exclusively from EURO TOOL. It measures wire or sheet gauges 34, 32, 30, 28, 26, 24, 22, 20, 18, 16, 14, 12, 10 and 8 gauge. Each size is also shown in fractions of millimeters and inches. This is the perfect gauge for beaders, wire wrappers and jewelers to easily identify wire or sheet gauge. Each gauge is only 3<sup>5</sup>/<sub>16</sub>" X 1" (85 X 26mm) and comes in a protective leather sheath. Great for pocket, purse or kit.

**GAU-144.10 List: .....\$13.95**
